Open Call for 2022-2023 Interns
Deadline: May 31, 2022 at 11:59pm Eastern Daylight Time

What is One Health Lessons?

This internationally-acclaimed organization aims to inspire students of all ages (both children and adults) to value the interconnection between our health and the health of the environment, plants, and animals (One Health). The organization has changed lives around the world, for interns and other volunteers alike. Today, OneHealthLessons.com has seven age-appropriate COVID-19 lessons that are now being translated into over 80 languages and are being taught internationally by hundreds of people.

What does this internship generally involve?

- Each intern has their own responsibilities (see below) and is expected to virtually work closely with other interns (from various locations around the world).
- Participate in weekly (Saturday) virtual meetings. (1.5 hours/week)
- Actively work to improve public speaking and communication skills. (1.5 hours/week)
- Developing sales and promotional skills. (2-6 hours/week)
- Expanding your professional network. (5-10 hours/week)
- Learning techniques to inspire others. (throughout the experience)
- Developing cultural awareness and sensitivities. (throughout the experience)
- Appreciating the needs of students with various abilities. (throughout the experience)
- Developing more transferrable and professional skills. (if time permits)
- Frequent communication with mentor to achieve timely goals. (throughout the experience)
- There is no monetary pay for this internship. However, you will be personally mentored during the internship experience to gain valuable life skills and connections.

When is the internship?
- June 11, 2022 - February 1, 2023

Who is your Mentor?

Dr. Deborah Thomson, author of The Art of Science Communication: Sharing Knowledge with Students, the Public, and Policymakers, develops One Health lessons for children (ages 6 to 18) and adults so that they can understand the inextricable connection between human health and the health of animals and the environment. Much more information is found on her website here.
Available Internship Positions and Their Responsibilities:

Administrative Intern

- Organizing weekly virtual intern meetings
- Compile and organize all finalized Memorandum of Understanding and partner logos
